Clinton,

Escape the Wolf is the best resource for teaching situational awareness that I have ever seen. There is nothing like it!

The book, *Escape the Wolf – Personal Security Handbook for the Traveling Professional*, is essential reading for any American traveling outside the U.S. Your lifesaving endeavors are to be commended.

Sincerely,

Lt. Col. Dave Grossman

Lt. Col. Dave Grossman is recognized as one of the world's foremost experts in the field of human aggression and the roots of violence and violent crime. An internationally recognized scholar, author, soldier and speaker, Grossman has introduced the metaphors of wolves, sheep and sheepdogs for today's society into mainstream conversation.

Grossman combined his experiences as a (retired) U.S. Army Ranger, former West Point psychology professor and director of the Warrior Science Group to found killology. This new scientific field of endeavor seeks to understand violent acts in war and peace and the process of healing victims. He is the author of several highly regarded books, including his most recent, *On Combat. On Killing* was nominated for a Pulitzer Prize. For more information, see www.killology.com.
